

PREMIER ENTERTAINMENT SOLUTIONS

AV7700 DUAL-DVD SEATBACK FEATURES INCLUDE: 7.0" LCD DISPLAY

MULTIPLE ENTERTAINMENT OPTIONS

Each headrest contains a separate entertainment system that has the ability to wirelessly share information with the other. Play DVD movies, listen to CD or MP3 audio, play video games, view JPEG photo slide shows, or connect your iPod® or other MP3 Devices.

NEW SEAT BACK MOUNTING SYSTEM (patent pending)

Vehicle specific and universal mounting systems are fabricated from automotive grade metal alloys and precision molded plastics to create a rigid and easy to install system. Mounting arms have built-in cable routing and smooth front to back tilt.

VEHICLE MATCH STYLING

The front bezel features contemporary styling in a pearl silver and black finish. The removable rear covers are upholstered to match the factory seating or can be custom covered in cloth or other materials.

ACTIVE HEADREST COMPLIANT

The system does not interfere with the operation of most OEM Active headrest systems*.
